CERTIPANEL WOODGRAIN – FIBRE CEMENT CLADDING BOARD

Ef certifix

PRODUCT DESCRIPTION

Certipanel Woodgrain is a fibre cement board which has been created to combine the attractive looks of wooden panels as well as durability and weather-resistance. There are 9 unique stained wood-imitation surfaces and a limitless colour range of painting in NCS-S, RAL and Facades 760 that will allow you to create a unique, environmental friendly facade that will last for decades.
